Dear President, Dear Trainer

It was 21 years ago when, Saturday 30 October 1989, with the enthusiasm of the new organizational experience, I tried to organize a tournament not restricted at my town or at my state but a real international tournament Sankàku.

The years go passing by but the enthusiasm is the same and the tournament it's going to grow up year by year for value, consideration, athletes and nations presents here. There was here many big judoka that starting from tournament Sankaku, goes to win famous international competitions as world or European championship.

Every kind of athletes was here in Sankaku tournament and everyone worked hard in the training and everyone was an amateurs that spend many sweat repeating all the movements.

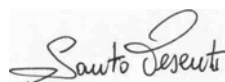

We organized the tournament in Bergamo in big troubles a lot of time, but we have to thank all the people who help us when the international relations with clubs and embassies grew up too much and we had many logistic problems, and they help us to resolve it, all for free. This year we want to offer to you the usual tournament, a big judoka assembly from many countries, with a brotherhood and friendship message.

So we're waiting for you and we hope Sankaku 2010 doesn't disappoint your human and sports expectation.

See you soon.
